Waste Management (Collection Permit) Regulations, 2007
Waste Management (Collection Permit) (Amendment) Regulations 2008
Offaly County Council as the National Waste Collection Permit Office being a nominated authority under Section 34(1)(aa) of the Waste Management Act 1996, has granted a waste collection permit to:
Applicant Name: Bluestream Wastewater Services Ltd (herein called the permit holder)
Trading As: Bluestream / Septic Tanks
Permit Number: NWCPO-14-11301-01
Address: 47A Kingswood Drive Kingswood Heights Tallaght Dublin 24
Valid From: 29/4/14
Valid to and Expires on: 28/4/19

The permit holder may appeal the decision of Offaly County Council as the National Waste Collection Permit Office, to grant this waste collection permit, in accordance with Section 34(9)(a) of the Waste Management Act 1996, to the judge of the Tullamore District Court, being the District Court in which the principal offices of Offaly County Council is situate, within one month of the date of this permit.

Offaly County Council as the National Waste Collection Permit Office, may at any time review, and subsequently amend the conditions under Section 34(6) of the Waste Management Act 1996 and the Local Authority will give notice in writing of such intention to the permit holder. Otherwise an application for a review of this permit shall be made at least 60 working days prior to the expiry date of this permit to the National Waste Collection Permit Office, Offaly County Council, Áras an Chontae, Charleville Road, Tullamore, Co. Offaly. This permit may be revoked under Article 29 of the Waste Management (Collection Permit) Regulations, 2007 and the Waste Management (Collection Permit) (Amendment) Regulations, 2008.

The permit holder, subject to the attached schedule of conditions is authorised by this permit to only collect the waste type(s) specified in Appendix A within the Local Authority areas specified in Appendix D, and to transfer waste to the facilities outlined in Appendix B, using vehicle(s) specified in Appendix C.

Signed: [Signature]
Administrative Officer

Date: 29/4/14

REASON FOR THE DECISION

Offaly County Council as the National Waste Collection Permit Office is satisfied, on the basis of the information made available by the applicant, that subject to compliance with the conditions of this permit, the activity will not cause environmental pollution and the grant of this permit is consistent with the objectives of all relevant Waste Management Plans applicable to the Local Authority areas listed in Appendix D and the current National Hazardous Waste Management Plan.

In reaching this decision, Offaly County Council as the National Waste Collection Permit Office has considered the application and supporting documentation received from the applicant and valid submissions received from the relevant Local Authorities, the Environmental Protection Agency (EPA) and other parties.

INTERPRETATION

Unless otherwise specified, all terms in this permit should be interpreted in accordance with the definitions in the Waste Management Act 1996 (the Act), and its associated regulations (as may be amended or replaced from time to time) or as defined in this permit.

References to any enactment, statutory instrument (including any bye-law), each as defined by the Interpretation Act 2005, or a regulation, directive or decision of a European Union institution in this permit shall include amendments and replacements.

References in this permit to the NWCPO means Offaly County Council as the National Waste Collection Permit Office (NWCPO) as the nominated authority for all regions under Section 34(1)(aa) of the Waste Management Act 1996 and pursuant to Article 4(2) of the Waste Management (Collection Permit) Regulations, 2007 and the Waste Management (Collection Permit) (Amendment) Regulations, 2008 or such other authority as may be nominated under this provision.

CONDITIONS

1. Scope of Permit

1.1 The permit holder is authorised to collect only the wastes specified in Appendix A in the Local Authority areas specified in Appendix D, or such later revision to the said appendices as the NWCPO may issue by way of revision.

1.2 The permit shall be read in conjunction with such bye-laws for the time being in force as referred to in condition 2.7 of this permit.

1.3 The permit holder shall give notice in writing to the NWCPO of any proposed changes in the waste collection activity in advance of any such change coming into effect. The permit holder shall obtain the written agreement of the NWCPO before implementing any such change.

1.4 This permit and any condition imposed therein shall not relieve the permit holder of any statutory obligations.

1.5 Any non-compliance with the conditions of this permit is an offence under the Waste Management (Collection Permit) Regulations, 2007 and the Waste Management (Collection Permit) (Amendment) Regulations, 2008 and Section 34(1) of the Waste Management Act 1996.

1.6 This permit is non-transferable.

2. Management of the Activity

2.1 Without prejudice to its obligations under this permit, the permit holder shall at all times ensure that it carries on its waste collection activities in a manner that is consistent with the objectives of all relevant waste management plans applicable to the Local Authority areas listed in Appendix D (as may be revised or replaced from time to time), and with the objectives of the current National Hazardous Waste Management Plan.

2.2 The permit holder shall ensure that where waste collected under this permit is transferred to a facility for the purpose of a recovery or disposal activity:

- i. There is in force a waste licence, facility permit, certificate of registration or IPPC licence in relation to the carrying on of the activity concerned at that facility; unless such activities are exempted from regulation under the Waste Management Act 1996.
- ii. That planning permission, or a certificate of exemption from such permission, is in place for such a facility.

2.3 The permit holder may not transfer waste to a facility under condition 2.2 of this permit unless the waste activity at that facility is authorised under:

- i. Section 39(1) of the Act, in the case of a facility subject to licensing, or
- ii. Section 82 of the Environmental Protection Agency Acts, 1992 to 2007 or
- iii. Article 4 of the Waste Management (Permit Regulations), 1998 in the case of an activity specified in Part I or Part II of the First Schedule of the said Regulations, or
- iv. Article 6 of the Waste Management (Facility Permit and Registration) Regulations, 2007 and the Waste Management (Facility Permit and Registration) (Amendment) Regulations, 2008, in the case of an activity specified in Part I and Part II of the Third Schedule, or
- v. Article 7 of the Waste Management (Registration of Sewage Sludge Facility) Regulations 2010, or
- vi. other facilities as agreed by the NWCPO.

2.4 The permit holder shall only transfer waste to the authorised facilities which are listed in Appendix B of this permit or such later revision of the said appendix as the NWCPO may issue.

2.5 Where the permit holder proposes to transfer waste to facilities other than those set out in Appendix B, the permit holder shall submit the following details in writing to the NWCPO for inclusion in Appendix B prior to transferring any waste to such facilities in accordance with condition 2.3 above:

- i. Origin of waste material.
- ii. Description of waste including European Waste Catalogue (EWC) code.
- iii. Location, ownership details, and contact number of the authorised facility.
- iv. Waste permit or licence details of the authorised facility.
- v. Written confirmation from the operator of the authorised facility that the said waste will be accepted there.
- vi. Planning permission reference number or a certificate of exemption from such permission for the facility.

2.6 The permit holder shall carry or cause to be carried at all times a copy of this permit including the latest revision of all appendices on each vehicle listed in Appendix C.

2.7 Where any Local Authority, for the purposes of the proper management of waste and the prevention and control of environmental pollution, has made bye-laws relating, inter alia, to the storage, presentation and/or segregation for the purpose of and in the course of the collection of waste or for the recovery or disposal of waste in accordance with Part 19 of the Local Government Act, 2001 (in substitution for Part VII of the Local Government, 1994) or in accordance with Section 35 of the Waste Management Act 1996 (hereinafter referred to as 'bye-laws'), the permit holder shall not collect waste in the functional area of the said Local Authority unless it has been stored, presented and/or segregated in accordance with the requirement of the said bye-laws.

2.8 Where household or commercial waste has been segregated prior to collection, the permit holder shall ensure that this fraction is separately collected in its entirety, not remixed, and transferred to a suitable authorised facility as referred to in condition 2.4 of this permit.

2.9 The permit holder shall identify all hazards associated with the waste being collected, and shall be familiar with best practice regarding its safe movement and handling and shall adopt all necessary, reasonable and practicable safety measures accordingly.

2.10 The permit holder shall have in place a documented Emergency Response Procedure (ERP), which shall address any emergency incident that may arise. This procedure shall provide for as a minimum, an emergency response unit, replacement vehicles and clean-up equipment in order to minimise the effects of the emergency on the environment. The permit holder shall maintain a copy of the ERP at the principal place of business of the permit holder.

2.11 The permit holder shall ensure that all operatives employed in the waste collection activity are familiar with and comprehend the conditions of this permit and the ERP.

2.12 The permit holder shall clean up immediately any spillage of waste, which occurs in the course of the collection operation, in a manner, which will not cause environmental pollution. The permit holder shall carry an emergency spillage kit on each vehicle listed in Appendix C, of this permit or such later revision of the said appendix as the NWCPO may issue, at all times, to deal with minor spillages.

2.13 The permit holder shall not cause environmental pollution during the course of the waste collection activity to which this permit relates.

2.14 The permit holder shall include their permit number, name of the issuing authority, and the name of the legal entity to whom the permit has been issued on all promotional material, dockets and correspondence issued by the permit holder in accordance with this permit.

2.15 The permit holder shall collect, transport, store, dispose of and/or recover waste in a manner so as to prevent pollution, contamination and deterioration of groundwater in accordance with Council Directive 80/68/EEC on the protection of groundwater against pollution caused by certain dangerous substances and Directive 2006/118/EC of the European Parliament and of the Council on the protection of groundwater against pollution and deterioration and also with Council Directive 2000/60/EC of the European Parliament and of the Council establishing a framework for community action in the field of water policy.

2.16 The permit holder shall ensure that where biowaste collected under the waste collection permit is transferred to a composting or biogas facility for the purpose of treatment and where

animal by-products form all or part of that biowaste, that the facility has been approved in writing by the nominated authority for use by the permit holder and there is in force an appropriate veterinary authorisation issued by the Minister for Agriculture and Food in accordance with Article 10 (6) of the European Communities (Transmissible Spongiform Encephalopathies and Animal By-Products) Regulations 2006 (S.I. No. 612 of 2006).

2.17 The permit holder shall take steps to ensure that all or a specified proportion, of waste collected by the permit holder, or class or classes of such waste, is source-segregated, treated or recovered, in such manner so as to secure the objectives of all relevant Waste Management Plans applicable to the Local Authority areas listed in Appendix D and all National and EU targets for the recovery, recycling and treatment of waste.

In particular the permit holder shall ensure that waste is:

- i. Where practicable and having regard to the Waste Hierarchy, delivered to facilities which reuse, recycle or recover waste.
- ii. Presented, collected, handled and transported in a form which enables the facilities to which the waste is delivered to comply with specific conditions contained in, as the case may be, the waste licence, IPPC licence, waste facility permit or certificate of registration in relation to performance targets established for the levels of recycling or recovery of waste.

2.18 The permit holder shall ensure that where waste that has been source segregated by the waste producer, it shall not be sent for disposal or collected, transported, mixed or handled so as to make it unsuitable for recycling or recovery by the permit holder.

2.19 The permit holder shall ensure at all times that waste collection activities are carried out in accordance with the provisions of Council Directive 75/442/EEC of 15 July 1975 on waste as amended by Council Directive 91/156/EEC of 18 March 1991 and codified under Directive 2006/12/EC of the European Parliament and of the Council of 8 December 2003 and Directive 2008/98/EC of the European Parliament and of the Council of 19 November 2008 as applicable.

2.20 Where the permit holder collects waste animal by-products, the collection, transport, storage, handling, processing, disposal and export of waste animal by-products shall be done in accordance with the rules set out in Regulation (EC) No. 1774/2002 as amended by Regulation (EC) No. 808/2003.

3. Vehicles, Skips, Containers, Trailers and Receptacles

3.1 The permit holder shall only use the vehicles as have been notified in writing to the NWCPO and subsequently agreed, which are listed in Appendix C to this permit or such later revision of the said appendix as the NWCPO may issue, for the purposes of the activity to which this permit relates. Vehicles listed in Appendix C may not be included in any other waste collection permit at any one time other than a waste collection permit issued to the same legal entity in a different region.

3.2 The permit holder shall notify the NWCPO in advance, of the type and identifying mark of any collection vehicle to be owned or hired/leased and used for the collection of waste under the terms of the permit, including particulars of the relevant vehicle registration document.

3.3 The permit holder shall notify the NWCPO of the type and identifying mark of any collection vehicle which is being hired/leased in on a temporary basis from a third party by the permit holder and used for the collection of waste under the terms of the permit, within 1 working day of the hire/lease of such a vehicle, including particulars of the relevant vehicle registration document.

3.4 All vehicles, skips, tankers, trailers or containers used by the permit holder for the purposes of the activity to which this permit relates, shall be fit for purpose.

3.5 All vehicles, skips, tankers, trailers, containers and receptacles used by the permit holder for the purposes of the activity to which this permit relates shall be washed down as required in an appropriate manner and at an appropriate facility so as not to cause environmental pollution.

3.6 Each vehicle used for the purposes of the activity to which the permit relates and that is listed in Appendix C of this permit or such later revision of the said appendix as the NWCPO may issue,

shall be marked with the following information in clearly legible indelible lettering at least 75 millimetres high:

- i. Name of the permit holder.
- ii. Waste collection permit number.

Where a waste collection permit has been reviewed by the NWCPO and the permit number altered, the previous reference number will suffice as a vehicle marking until such a time as the number necessitates renewal. At that time the new "NWCPO" reference number shall be used.

The last two digits of the permit number need not be included on the vehicle marking (01, 02, 03 etc). These digits refer to the permit review number.

3.7 Each skip, tanker, trailer or container used for the purposes to which this permit relates, unless otherwise approved by the NWCPO in writing, shall be marked on at least two sides with the following information in visible, legible and indelible lettering at least 75 millimetres high:

- i. Name of the permit holder.
- ii. Waste collection permit number.
- iii. A unique identification number for the skip, tanker or container.

3.8 In regions where bag collections are permitted for municipal waste the permit holder shall ensure that all bags clearly identify:

- i. Name of the permit holder.
- ii. Waste collection permit number.

3.9 The permit holder shall ensure that all consignments of waste are appropriately covered during transit to prevent spillage, dust, litter or other nuisance.

3.10 The permit holder when using a skip or other such receptacle (including skip bags) for the purposes of the activity to which this permit relates, shall provide the hirer with a written agreement detailing:

- i. The types of wastes, which may be placed in the skip as listed in condition 1.1 of this permit.
- ii. That the skip will be removed as soon as is practicable after it has been fully loaded unless otherwise agreed in writing with the Local Authority.

3.11 The permit holder shall ensure that skips and other such receptacles left in a public place (as defined in the Litter Pollution Acts 1997 to 2009) shall carry reflectors or lighting so that they are clearly visible during a period when vehicles are required to be lighted.

3.12 The permit holder shall notwithstanding the provisions of any bye-law made under Section 72 of the Roads Act 1993, ensure that skips and other such receptacles (including skip bags) left on a public road shall be sited or deposited for no more than 3 days.

3.13 No skip, tanker, trailer or container used by the permit holder for the purposes of the activity to which this permit relates and which contains waste shall be left in a public place (as defined in the Litter Pollution Acts 1997 to 2009), other than where it is initially filled, unless it is on or attached to a mechanically propelled vehicle, which is in transit to an authorised facility listed in Appendix B of this permit or such later revision of the said appendix as the NWCPO may issue.

3.14 The permit holder shall ensure that all wheeled bins used for the collection of municipal waste shall comply with standard IS EN840 parts 1-6, unless otherwise agreed with the NWCPO.

3.15 All waste receptacles used for the collection of municipal waste (including separately collected fractions) shall be identified with the name, address and telephone number of the permit holder in clearly legible lettering and a unique customer reference number. The permit holder shall supply the name and address of a customer to whom a reference number applies on request. The permit holder shall submit written details of the identification system to the NWCPO for approval on request.

3.16 Where the permit holder provides segregated collections for different types of recyclable, compostable or recoverable materials, they shall provide waste recycling receptacles, which are designed for reuse (excluding regions where bag collections are permitted).

4. Notification and Record Keeping

4.1 The permit holder shall notify the NWCPO in relation to any conviction for an offence prescribed under Article 21 of the Waste Management (Collection Permit) Regulations, 2007 and the Waste Management (Collection Permit) (Amendment) Regulations, 2008 or any requirement of an order under the Waste Management Act 1996, within 5 working days of such conviction or the imposition of such a requirement.

4.2 The permit holder shall notify the relevant Local Authority (i.e. the Local Authority in whose area the incident occurs) immediately after the occurrence of any incident connected with the waste collection activity that caused or has the potential to cause environmental pollution or a threat to human health. The permit holder shall include as part of the notification the date, time, location and a full description of the incident. The permit holder shall also send a written record of the incident to the NWCPO within 1 week of the incident. This written record of the incident shall include the following information:

- i. The date, time and location of the incident.
- ii. A full description of the incident.
- iii. Details of any measures taken to prevent or reduce environmental pollution or harm to human health which was caused or may be caused by the incident.
- iv. Details of steps taken to avoid recurrence of similar incidents.

4.3 The permit holder shall compile and maintain specified records for the collection of waste, for a period not less than 7 years, records shall include as a minimum the following:

- i. European Waste Catalogue (EWC) code for each waste type and indicate whether or not the waste is hazardous.
- ii. Description of waste.
- iii. Quantity (in units of tonnes or litres) of waste collected.
- iv. The Local Authority area of origin of the waste.
- v. The source of the point of collection of waste.
- vi. The name, address and licence, permit or certificate of registration number of the authorised waste facility to which the consignment of waste will be delivered.
- vii. The nature of the activity carried on at the authorised waste facility to which waste is delivered (i.e. treatment, recovery or disposal).
- viii. The name and waste collection permit number of the permit holder.
- ix. Date of waste collection.
- x. Waste collection vehicle registration number.
- xi. Customer name and address.
- xii. Signature of the vehicle driver.
- xiii. Signature of a representative of the authorised waste facility.

4.4 The permit holder shall use a docket system to compile the records as outlined in condition 4.3. An individual docket record shall accompany each waste load on the vehicle that the waste docket refers to until control of the waste is transferred to an authorised facility specified in Appendix B of this permit. The permit holder shall also maintain up-to-date summaries of the information in condition 4.3 in respect of waste collected by the permit holder in each calendar month. The dockets/records must be maintained at the principal place of business for a period not less than 7 years. These records shall be available for inspection at the principal place of business during normal working hours by authorised officers of any relevant Local Authority and any other person authorised under Section 14 of the Waste Management Act 1996. The permit holder shall comply with the provisions of this condition unless otherwise agreed in writing by the NWCPO.

4.5 The permit holder shall, not later than 28 February in each year furnish to the NWCPO in such form as may be specified by the NWCPO an Annual Report (AR) in respect of waste collection activities carried out by the permit holder in the preceding calendar year or part thereof, as the case may be. The AR shall be a summary of the records maintained under condition 4.4 of the permit. The AR shall contain the following information, in summary form, in respect of waste collected by the permit holder in the preceding calendar year:

- i. Local Authority area of origin of waste.
- ii. Source of waste.
- iii. European Waste Catalogue (EWC) code for each waste type and indicate whether or not the waste is hazardous.

- iv. Description of waste.
- v. Quantity (in tonnes) of each waste type collected.
- vi. Destination of waste (authorised facility name and address).
- vii. Waste licence, permit or certificate of registration register reference number of facilities to which waste is delivered.
- viii. Country of destination (if exported abroad).
- ix. The TFS notification number if the waste is exported abroad.
- x. The total number of households served with kerbside collection for residual, mixed dry recyclable and organic wastes from which the permit holder collected waste per each Local Authority functional area
- xi. The nature of the activity carried on at the authorised waste facility to which waste is delivered (i.e. disposal or recovery).

The information specified above shall be filled in on the AR form which will be available on the the NWCPO website at the following Internet address: <http://www.nwcpo.ie>

The completed form shall be submitted by the 28 February each year in respect of the preceding calendar year to the NWCPO by e-mail to contactus@nwcpo.ie. AR forms can only be submitted in alternative formats following written agreement with the NWCPO .

The information specified above shall be used to produce community statistics on the generation, recovery and disposal of waste as set out by Regulation (EC) 2150/2002.

4.6 A copy of all correspondence sent to and received from the NWCPO regarding this waste collection permit shall be kept at the address of the principal place of business for at least 7 years following the date on which the correspondence is sent or received respectively and shall be made available for inspection by any authorised person.

4.7 All communications from the permit holder to the NWCPO shall be addressed in writing by the permit holder to the following address: National Waste Collection Permit Office, Offaly County Council, Áras an Chontae, Charleville Road, Tullamore, Co. Offaly, or by email to contactus@nwcpo.ie unless otherwise specified. This condition does not apply in respect of the Annual Report as described in condition 4.5.

5. Charges and Financial Provisions

5.1 The permit holder shall defray or contribute towards any costs as may reasonably be incurred by the NWCPO or any relevant Local Authority as prescribed in Articles 14 and 20(3)(d), other than required under Article 8 in accordance with the third schedule of the Waste Management (Collection Permit) Regulations, 2007 and the Waste Management (Collection Permit) (Amendment) Regulations, 2008, and which costs shall not exceed the actual expenditure reasonably incurred by the authority in inspecting, monitoring, auditing, enforcing or otherwise performing any functions in relation to the activity.

5.2 The permit holder shall effect and maintain appropriate and adequate policies of insurance insuring him or her in respect of any liability on his or her part to pay damages or costs on account of injury to person or property arising from the activities concerned.

5.3 Without prejudice to the foregoing, the minimum level of indemnity to be maintained by the permit holder shall be to the value of €6,500,000 for Public Liability Insurance including cover for sudden and unforeseen pollution and €6,500,000 for third party property damage Motor Insurance. 6.12 Waste Batteries and Accumulators

The Permit Holder is not authorised to collect this Waste Type

6.13 Wastes from Incineration

The Permit Holder is not authorised to collect this Waste Type

7. Conditions by Region

7.1 Midlands Region - Household Waste (Door to Door Kerbside Collections)

No regional specific conditions apply.

7.2 North East Region - General Condition(s)

7.2.1 Notwithstanding any other condition in this permit, the permit holder is only permitted to carry out waste collection activities in the North East Region in accordance with the policies and objectives of the North East Waste Management Plan for 2005 - 2010. This includes any amendments and replacement plans. The Region consists of counties Cavan, Louth, Meath and Monaghan.

7.2.2 Notwithstanding any other condition in this permit, the permit holder is only permitted to carry out waste collection activities in the North East Region in accordance with the any bye-laws that are in place in the counties of Cavan, Louth, Meath and Monaghan.

7.3 North East - Household Waste (Door to Door Kerbside Collections)

No regional specific conditions apply.

7.4 Dublin Region - General Condition(s)

The following conditions apply for the collection of wastes in the functional areas of Dublin City Council, Dun Laoghaire Rathdown County Council, Fingal County Council and South Dublin County Council, hereafter known as the Dublin Region. These conditions are without prejudice to any appeal that may be taken in respect of the judgements of Mr Justice McKechnie, High Court Record Nos. 420JR/2008, 460JR/2008 and others, and to the outcome of any such appeal.

7.4.1 The permit holder shall ensure that all, or such specified proportion, of waste or a type thereof, collected by the permit holder in the Local Authority areas of the Dublin Region is delivered to and deposited with and treated and/or reused and/or recovered and/or recycled at such tier(s) in the EU Waste Hierarchy as specified in the Waste Management Plan for the Dublin Region 2005-2010 (as may be revised or replaced from time to time) so designated by the relevant Local Authority in whose functional areas the waste collection activities are being carried out. The permit holder may treat any such tier designated by the Local Authority to include all higher tiers within the EU Waste Hierarchy.

7.4.2 The permit holder shall only be permitted to carry out waste collection activities in accordance with the policies and objectives of the Waste Management Plan for the Dublin Region 2005-2010 (as may be revised or replaced from time to time)

7.4.3 The permit holder shall notify Dublin City Council in advance of any proposed change to the nature, focus or extent of the waste collection activities in the Dublin Region.

7.5 Dublin Region - Household Waste (Door to Door Kerbside Collections)

No regional specific conditions apply.

7.6 South East Region - General Condition(s)

7.6.1 The permit holder shall note the policy of the Joint Waste Management Plan for the South East Region that residual waste collected within the Region will, in time, be directed under the Waste Management (Collection Permit) Regulations or other appropriate regulatory or enforcement measures to a nominated facility/facilities in accordance with law. In line with Government policy and targets to divert residual waste from landfill it is intended that a nominated facility for residual waste in accordance with this policy will be an integrated waste facility incorporating thermal treatment and energy recovery, such facility being developed in accordance with the Joint Waste Management Plan for the South East Region.

7.6.2 The permit holder shall notify Kilkenny County Council in advance, within a period of not less than 1 month, of any proposal to alter/extend the materials for separate collection of dry recyclables under 6.1.1 and shall obtain approval in writing before implementing such
